

PRESS RELEASE 2011

Plane Training NEWS 2011 – The first half of this year has proved a very busy and successful one for Plane Training. Through our sister company, Active Plane Training we deliver new entrant cabin crew courses for easyJet at Gatwick and Luton.

Other courses and instructor training includes:

Pilot Training Jet Flight Training

Plane Training provides full Safety and Crew Resource Management training for ab initio pilots at the end of their 737 type rating course at Jet Flight Training

Plane Training's specialist Aviation Medicine Instructor travels to the Seychelles to train the airline's in-house instructors, enabling them to train both Initial and Recurrent Aviation Medicine to the airlines Flight Crew and Cabin Crew.

Company Director Sarah Skelton travels to Dublin to provide Instructional Techniques and CRMI courses for Air Contractors instructors

Active Plane Training. Our sister company continue to provide support training for this fast expanding airline easyjet.

Plane Training provides Instructor training for Airbus A320 and Safety training for Baltic Academy's flight crew

We continue to provide annual facilitator training for instructors at bmi baby

Sarah Skelton as Chair of the RAeS Cabin Crew Standing Group has been asked to present a paper at the Royal Aeronautical Society's annual Flight Crew Training Conference at Hamilton Place London in September

We will return to Jet Airways in Mumbai in October to deliver further CRM courses and provide the rapidly expanding operator with bespoke courseware for recurrent and upgrade CRM training
